

ETSU Parking Garage

Storm Water Quality Unit

Structure Description

Aqua-Swirl AS-9
Aqua-Swirl AS-7
Aqua-Swirl AS-6

Design

Engineer

Land Development Solutions

Grading Contractor

Comments

Originally the project was specified using three Crystal Streams water quality units. However, Value Engineering the project with the contractor and the engineer provided Aqua-Swirl as the clear choice to be utilized due to ease of installation, lead time, and cost.
